Antitrust Policy Notice

Linux Foundation meetings involve participation by industry competitors, and it is the intention of the Linux Foundation to conduct all of its activities in accordance with applicable antitrust and competition laws. It is therefore extremely important that attendees adhere to meeting agendas, and be aware of, and not participate in, any activities that are prohibited under applicable US state, federal or foreign antitrust and competition laws.

Examples of types of actions that are prohibited at Linux Foundation meetings and in connection with Linux Foundation activities are described in the Linux Foundation Antitrust Policy available at linuxfoundation.org/antitrust-policy. If you have questions about these matters, please contact your company counsel, or if you are a member of the Linux Foundation, feel free to contact Andrew Updegrove of the firm of Gesmer Updegrove LLP, which provides legal counsel to the Linux Foundation.

An Open Source Foundation Developed in Partnership

The Academy Software Foundation provides a neutral forum for open source software developers in the motion picture and broader media industries to share resources and collaborate on technologies for image creation, visual effects, animation and sound.

Why the Academy Software Foundation?

- Legal Framework
- Continuous Integration and Build Infrastructure
- Clear path to accepting contributions (neutral forum)
- Versionitis

Our Mission

Increase the *quality* and *quantity* of open source contributions by establishing a *governance model*, a *legal framework* and a *community infrastructure* that lowers the barrier to entry for developing and using open source software.

Our Goals

- Provide a neutral forum to coordinate cross-project efforts, establish best practices and share resources.
- Develop an open continuous integration (CI) and build infrastructure to enable reference builds from the community.
- Streamline development for build and runtime environments through the sharing of open source build configurations, scripts and recipes.
- Provide individuals and organizations with a clear path for participation and code contribution.
- Provide better, more consistent licensing through a shared licensing template.
- Create working groups for exploration of new or larger projects.
- Focus on diversity and inclusion and raising the profile of software engineers in our industry.

 - Updates can be submitted via GitHub
 - Goal is to have all active, open source projects in animation and VFX industries represented.

Academy Software Foundation Structure

Governing Board

Comprised of one voting representative from each Premier Academy Software Foundation member, 1 annually elected General member representative per 5 General members, the TAC Chairperson, and attended by the Outreach Committee Chair, the Governing Board's responsibilities include:

- Approving and managing budget and financial matters
- Electing a Chair to preside over Governing Board meetings, authorize expenditures approved by the budget and manage any day-to-day operations
- Overseeing all Project business and marketing matters

Meets monthly on the fourth Thursday from 2:00 PM to 3:00 PM US Pacific Time.

Appointing your Governing Board representative and alternate

(Premier Members only)

As a Premier Member, you are entitled to appoint a representative and an alternate from your organization to serve on the Governing Board. Expectations of this include..

- Attending monthly Governing Board meetings (generally 4th Tuesday of the month at 2:00pm US Pacific Time)
- Participation in membership recruitment activities.
- Availability for time-to-time for strategic discussions and calls.

ACTION: To appoint your representative and your alternate, please file a request at members.aswf.io, and have the representatives create an [LF ID](#).

You can change your representative at any time by making a request at members.aswf.io.

General Member Governing Board representative

(General Members only)

Per the [Academy Software Foundation charter](#), Section 2(c):

General Members, acting as a class, will be entitled to annually elect one representative to the Governing Board for every five General Members, up to a maximum of three representatives, provided that there will always be at least one General Member representative, even if there are less than five General Members. The Governing Board determines the election process.

The General Member class elects new representative(s) during the month of December to serve a term from January 1st through December 31st of that calendar year.

ACTION: Look for details regarding the election in November. Election process defined [here](#).

If you have any questions about this process or the role, please contact us at members.aswf.io.

Technical Advisory Council (TAC)

The Technical Advisory Council (TAC) is the technical governance heart and soul of the project. As new projects get contributed to the project they get reviewed and approved by this committee.

TAC voting members consist of Premier Academy Software Foundation members as well as the project leads for all Adopted stage projects. Anyone in the community can attend TAC meetings.

Meets every other Wednesday from 1:00 PM to 2:00 PM US Pacific Time.

All are invited to attend these calls - head to tac.aswf.io/meetings for more information and meeting invites.

Technical Advisory Council (TAC)

Kimball Thurston

Milind Damle
Sr. Director
Advanced Micro Devices (AMD)

Ross Dickson
Amazon Web Services, Inc.

Scott Dyer
Senior Imaging Engineer
Academy of Motion Picture Arts and Sciences

Appointing your TAC representative

(Premier Members only)

As a Premier Member, you are entitled to appoint a representative from your organization to serve on the TAC. Expectations of this role include:

- Attending TAC meetings held every other week on Wednesday at 1:00 pm US Pacific Time.
- Serving as a TAC mentor to a new project coming into the Academy Software Foundation.
- Participation in out of meeting discussions.
- Availability from time-to-time for strategic discussions and calls.

ACTION: To appoint your representative, please file a request at members.aswf.io, and have the representative create an [LF ID](#).

You can change your representative at any time by making a request at members.aswf.io.

How to contribute to projects

 Search Academy Software Foundation

Need help or have a question? Contact us here

Contribute to an existing project:

- Submit a PR with a bugfix or new feature
- Pick existing GitHub issue as a sample project
- Integrate with a new app / contribute plugin
- Help improve project documentation
- Submit additional test cases
- Join the TSC discussion: dev mailing list, conf calls

Get involved with the TAC or Working Group:

- DevOps / CI expertise always useful
- Interest / expertise in security especially welcome
- Join the TAC discussions: mailing list, conf calls, working groups

More information at tac.aswf.io/engagement

Getting Involved in Projects

All of the projects hosted at the Academy Software Foundation are open and transparent, and welcome participation from anyone interested in the technology areas. Each project publishes their governance processes within their project repo (typically in the README.md file or in a GOVERNANCE.md file within the primary project repo or TSC repo) on roles within the community and how decision making is made.

TAC Meetings

Learn more about joining the public meetings of the Technical Advisory Council (TAC) on [the Meetings page](#)

Mailing Lists and Slack channels for hosted projects

Each project hosted at the Academy Software Foundation collaborates on open channels that are welcome for anyone in the community to participate in. See the below list of channels for each project.

All Slack channels referenced below are part of the [Academy Software Foundation Slack organization](#) unless otherwise noted.

Website: <https://opencolorio.org/>
Dev Mailing List: <https://lists.aswf.io/g/ocio-dev>
User Mailing List: <https://lists.aswf.io/g/ocio-user>
Slack: slack.opencolorio.org
Leads: Carol Payne - Imaging Technologist at Netflix, Inc

Website: <https://www.openexr.org/>

Outreach Committee

The Academy Software Foundation Outreach Committee is open to all Academy Software Foundation members and is charged with defining and executing the marketing and outreach strategy.

Voting members of the Outreach Committee consist of one representative from each Premier member. Any member is welcome to attend and participate in the discussions and work.

**Meets monthly on the third Thursday, 1:00 PM to 1:30 PM
US Pacific Time**

All are invited to attend these calls and encouraged to join the Outreach Committee mailing list for more information

Keeping the meetings on your calendar

Always find the latest public ASWF meetings on the official calendar at calendar.aswf.io.

You can always find meetings you've registered to attend in your [LF profile calendar](#).

The screenshot shows a monthly calendar for January 2020. The left sidebar includes links for Feed, Your Groups, Topics, Hashtags, Your Calendar (which is selected and highlighted in blue), Subgroups, and Enterprise Settings. The top right corner shows 'Help' and 'John Mertic'. The calendar grid displays various events across the month. Notable events include:

- January 1:** 2:00pm [OpenVDB Development], 2:00pm [tac] OpenVDB TSC meet
- January 7:** 4:00pm [tac] ASWF CI working on OpenTin, 5:00pm [tac] OpenCue TSC Meet, 1:00pm [ocio-discussion] OpenTin, 2:00pm [OpenVDB Development], 2:00pm [tac] OpenVDB TSC meet, 4:00pm [OpenEXR dev discussion]
- January 14:** 4:00pm [tac] ASWF TAC Meeting, 2:00pm [OpenVDB Development], 2:00pm [tac] OpenVDB TSC meet, 4:00pm [OpenEXR dev discussion]
- January 21:** 5:00pm [tac] OpenCue TSC Meet, 1:00pm [ocio-discussion] OpenTin, 2:00pm [OpenVDB Development], 2:00pm [tac] OpenVDB TSC meet, 4:00pm [OpenEXR dev discussion]
- January 28:** 4:00pm [tac] ASWF TAC Meeting, 2:00pm [ASWF Governing], 2:00pm [OpenVDB Development], 2:00pm [tac] OpenVDB TSC meet, 4:00pm [OpenEXR dev discussion]
- January 4:** 4:00pm [tac] ASWF CI working on OpenTin, 5:00pm [tac] OpenCue TSC Meet, 1:00pm [ocio-discussion] OpenTin, 2:00pm [OpenVDB Development], 2:00pm [tac] OpenVDB TSC meet, 3:00pm [outreach] ASWF Outreach, 4:00pm [OpenEXR dev discussion]

At the bottom, there are buttons for 'Add Event', 'Subscribe to Calendar', 'Timezone' (set to UTC-05:00 Eastern Time (US and Canada) (EST)), and copyright information '© 2020 Groups.io'.

Canonical and Khronos Group Join the Academy Software Foundation

Ahead of its annual Open Source Days conference dedicated to highlighting the latest in open source projects used for visual effects, animation, and image creation, the Academy Software Foundation is pleased to welcome two new members: Canonical and The Khronos Group. Launched in August 2018 by the Academy of Motion...

August 5, 2022

Participate in Outreach Activities

We focus on ensuring our members can advance their thought leadership on open source in the visual and special effects industry through our extensive media reach.

ACTION: Key opportunities to leverage now:

- Submit a guest blog post to the [Academy Software Foundation blog](#) and/or [Linux.com](#). Member contributed content must be vendor neutral & talk about an interesting trend or problem in the space.
- Nominate one of your employees to be profiled in a “[Behind the Scenes](#)” interview. In Behind the Screens, we talk to developers and software engineers from across the motion picture and media industries to learn more about their work in visual effects and animation, how they use open source software, and their involvement in the Academy Software Foundation.
- Share potential spokespersons who would be interested in participating in other contributed articles, videos, podcasts, and events.
- Share your news pertaining to one of our projects or your work in the open source on mainframe community for us to amplify and/or offer a quote.
- Share events you will be at so we can promote your presence and talks relating to Academy Software Foundation.

PARTICIPATION

Yes, we understand.

If you haven't been involved in an open source project before it can be intimidating to start participating.

Here are some tips for how to get comfortable:

Feel free to lurk

Seeing how other community members interact will help you adjust and learn the social norms in the community

Don't wait for an invitation

Our tools and meetings are open by default, so jump in and introduce yourself, ask questions and share ideas

Read our Code of Conduct

We've set and enforce high standards of professional practice from everyone you'll be meeting

Learn more at linuxfoundation.org.
