Antitrust Policy Notice

Linux Foundation meetings involve participation by industry competitors, and it is the intention of the Linux Foundation to conduct all of its activities in accordance with applicable antitrust and competition laws. It is therefore extremely important that attendees adhere to meeting agendas, and be aware of, and not participate in, any activities that are prohibited under applicable US state, federal or foreign antitrust and competition laws.

Examples of types of actions that are prohibited at Linux Foundation meetings and in connection with Linux Foundation activities are described in the Linux Foundation Antitrust Policy available at linuxfoundation.org/antitrust-policy. If you have questions about these matters, please contact your company counsel, or if you are a member of the Linux Foundation, feel free to contact Andrew Updegrove of the firm of Gesmer Updegrove LLP, which provides legal counsel to the Linux Foundation.

An Open Source Foundation Developed in Partnership

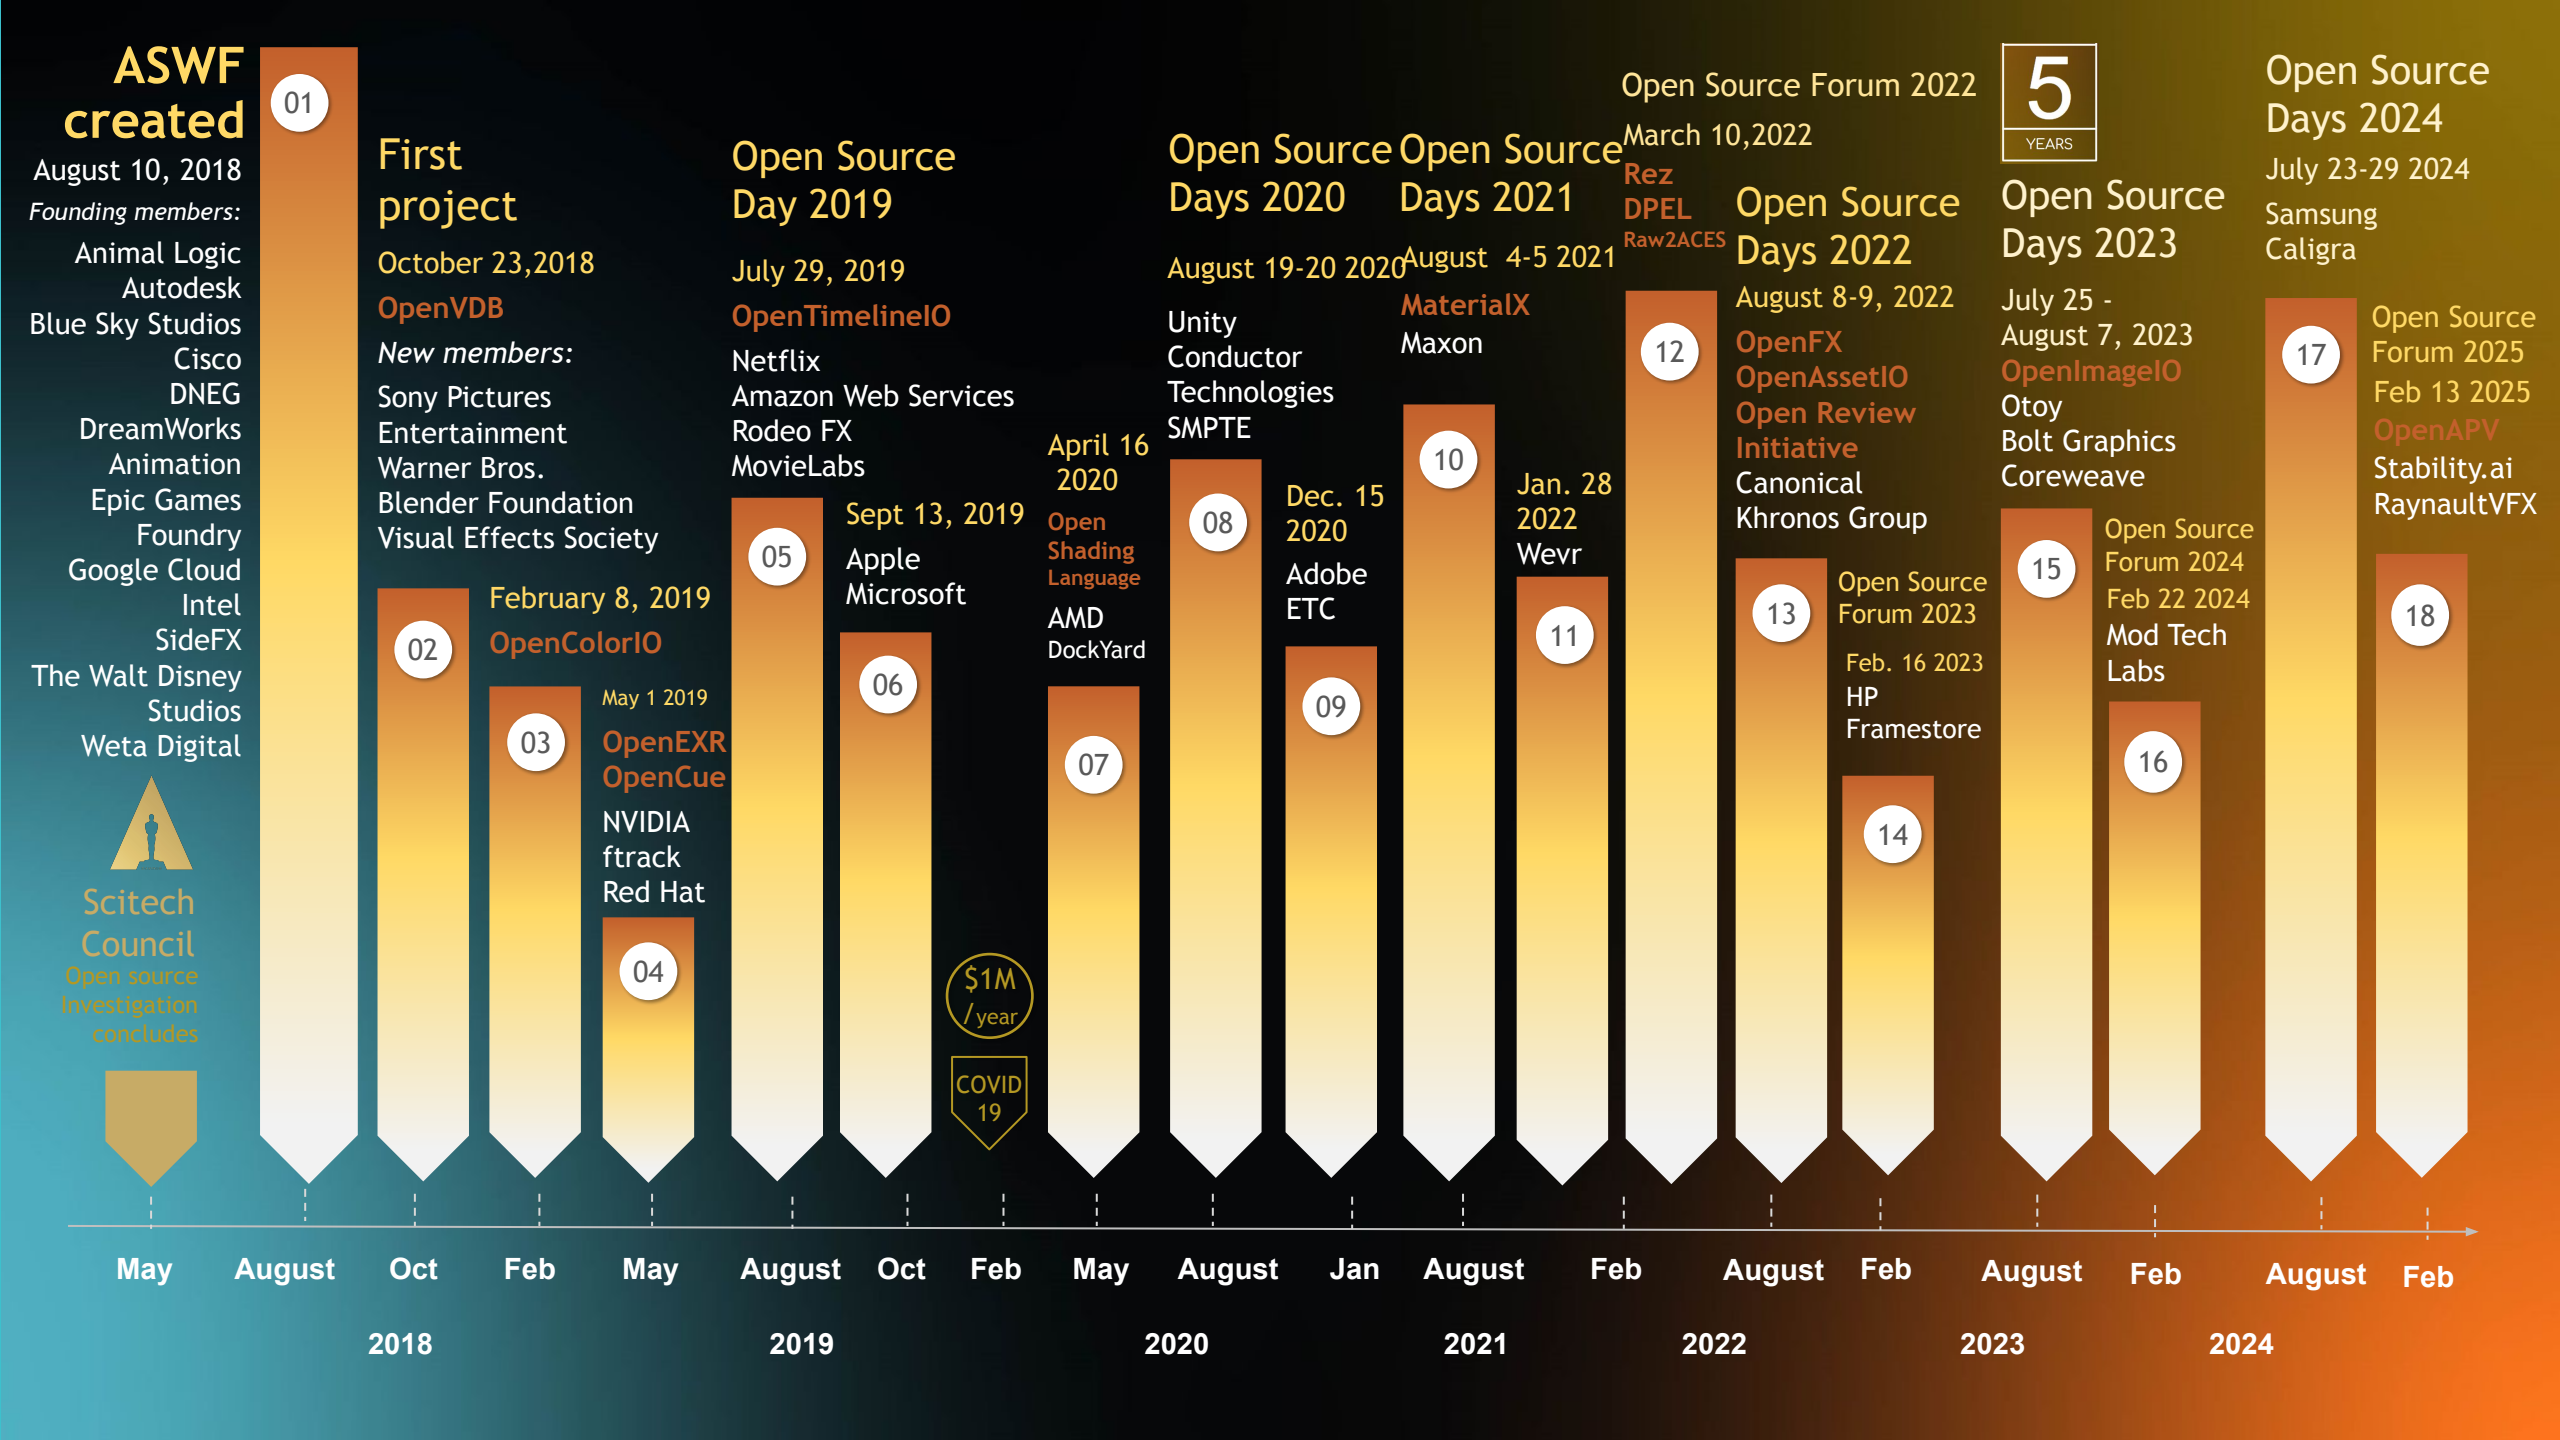

The Academy Software Foundation provides a neutral forum for open source software developers in the motion picture and broader media industries to share resources and collaborate on technologies for image creation, visual effects, animation and sound.

THE LINUX FOUNDATION

Why the Academy Software Foundation?

- Legal Framework
- Continuous Integration and Build Infrastructure
- Clear path to accepting contributions (neutral forum)

Our Mission

Increase the *quality* and *quantity* of open source contributions by establishing a *governance model*, a *legal framework* and a *community infrastructure* that lowers the barrier to entry for developing and using open source software.

Our Goals

- Provide a neutral forum to coordinate cross-project efforts, establish best practices and share resources.
- Develop an open continuous integration (CI) and build infrastructure to enable reference builds from the community.
- Streamline development for build and runtime environments through the sharing of open source build configurations, scripts and recipes.
- Provide individuals and organizations with a clear path for participation and code contribution.
- Provide better, more consistent licensing through a shared licensing template.
- Create working groups for exploration of new or larger projects.
- Focus on diversity and inclusion and raising the profile of software engineers in our industry.

Appointing your Governing Board representative and alternate

(Premier Members only)

As a Premier Member, you are entitled to appoint a representative and an alternate from your organization to serve on the Governing Board. Expectations of this include..

- Attending monthly Governing Board meetings (generally 4th Tuesday of the month at 2:00pm US Pacific Time)
- Participation in membership recruitment activities.
- Availability for time-to-time for strategic discussions and calls.

ACTION: To appoint your representative and your alternate, please file a request at members.aswf.io, and have the representatives create an LF ID.

You can change your representative at any time by making a request at members.aswf.io.

General Member Governing Board representative

(General Members only)

Per the Academy Software Foundation charter, Section 2(c):

> *General Members, acting as a class, will be entitled to annually elect one representative to the Governing Board for every five General Members, up to a maximum of three representatives, provided that there will always be at least one General Member representative, even if there are less than five General Members. The Governing Board determines the election process.*

The General Member class elects new representative(s) during the month of December to serve a term from January 1st through December 31st of that calendar year.

ACTION: Look for details regarding the election in November. Election process defined here.

If you have any questions about this process or the role, please contact us at members.aswf.io.

Technical Advisory Council (TAC)

The Technical Advisory Council (TAC) is the technical governance heart and soul of the project. As new projects get contributed to the project they get reviewed and approved by this committee.

TAC voting members consist of Premier Academy Software Foundation members as well as the project leads for all Graduated stage projects. Anyone in the community can attend TAC meetings.

Meets every other Wednesday from 1:00 PM to 2:00 PM US Pacific Time.

All are invited to attend these calls - head to tac.aswf.io/meetings for more information and meeting invites.

Getting Involved in Projects

All of the projects hosted at the Academy Software Foundation are open and transparent, and welcome participation from anyone interested in the technology areas. Each project publishes their governance processes within their project repo (typically in the README.md file or in a GOVERNANCE.md file within the primary project repo or TSC repo) on roles within the community and how decision making is made.

TAC Meetings

Participate in Outreach Activities

We focus on ensuring our members can advance their thought leadership on open source in the visual and special effects industry through our extensive media reach.

ACTION: Key opportunities to leverage now:

- Submit a guest blog post to the Academy Software Foundation blog and/or Linux.com. Member contributed content must be vendor neutral & talk about an interesting trend or problem in the space.
- Nominate one of your employees to be profiled in a "Behind the Scenes" interview. In Behind the Screens, we talk to developers and software engineers from across the motion picture and media industries to learn more about their work in visual effects and animation, how they use open source software, and their involvement in the Academy Software Foundation.
- Share potential spokespersons who would be interested in participating in other contributed articles, videos, podcasts, and events.
- Share your news pertaining to one of our projects or your work in the open source on mainframe community for us to amplify and/or offer a quote.
- Share events you will be at so we can promote your presence and talks relating to Academy Software Foundation.
